National Charolais Sale

CWA Auditorium, Regina, SK
Thursday, November 26, 2009
11:30 a.m.

Charolais Friends,

I am really excited and enthused about the high quality of the consignments to this year's National Charolais Sale at Agribition.

I would like to commend the consignors for stepping forward and supporting this sale with a truly dynamic set of Charolais genetics.

There are some really Unique Herdbulls on offer with tremendous money making potential.

The females are an elite group and represent the very best genetics from their respective herds. They will form the cornerstone to build a program, an embryo program, or just real solid genetics to enhance your herd at home.

The heifer calves are truly exciting – Show Candidates with the potential to be "special" mama cows down the road.

I would like to thank the Saskatchewan Charolais Association and Sale Chairman, Greg Gilliland, for the opportunity to put together this quality set of cattle for our NATIONAL CHAROLAIS SALE. I would encourage our Charolais Membership to support this event and make it the SHOW CASE for our breed that it deserves to be.

Please call if I can assist you with your purchase or help in any way.

Sincerely,

Dale and Lesley Norheim

WINN MANS LANZA 610S

What an opportunity!

- **Selling the 2010 Canadian Breeding Rights in WINN MANS LANZA 610S.**
- **This entitles the buyer (buyers) to 100 straws of Canadian qualified semen.**
- **The present owners have the option to market Lanza at their discretion after 2010.**
- Lanza is getting it done! Calving ease with extra performance and fabulous buyer acceptance!
- Lanza sired Fargo, the very exciting \$37,000 high seller from the A.Sparrow Farms Bull Sale. The Lanza sons averaged \$11,980 - \$5000 more than the sale average.
- At Winn Man's Annual Bull Sale the Lanza sons averaged \$3900...\$400 more than the sale average. There's a pattern here!
- Sparrows were so impressed with Lanza's calving ease that in 2009 they bred all their unrelated heifers to him.
- Lanza's nine year old dam is still in production at Winn Man and is the matriarch of a cow family that has produced many herd sires.
- From calving ease, to performance, to terrific EPD's, to strong maternal, you can count on Lanza to GET THE JOB DONE!
- 1/3 Interest and Full Possession was purchased by Lindskov-Thiel in the winter of 2009.

Consigned by A Sparrow Farms, Vanscoy, SK; Winn Man Farms, Winnipegosis, MB; Lindskov-Thiel Charolais, Isabel, SD

DOUBLE-H MAHALO 749T ET

DYNAMITE GENETICS!! MAHALO - A very elite offering in Herd Sires!

- Impeccable Pedigree, Performance and Profit Potential!
- As a calf, Mahalo was the #10 ranking AICA Show Bull of the Year. He has gone on to be shown 9 times and was Grand or Reserve Champion 8 times.
- His dam was the Manitoba Ag Expo Grand Champion Female as a 2 year old and was in the Supreme Champion Show at Agribition. She is now in Texas in the Arlitt and Spring Ridge ET programs.
- Mahalo's full sister is also homozygous polled and is a donor at Double-H.
- Daughters of Mahalo should be outstanding based on his dam, Metallic and his paternal granddam, Malibu.
- His sire's EPD's are in the top 1% of the breed for milk and total maternal, the top 2% for fat and the top 5% for marbling, giving you high maternal along with carcass excellence.
- This Champion could really move your program forward!

Selling Canadian Semen Rights in Double-H Mahalo.

Buyer will receive 200 straws of semen with this Purchase, plus access to more semen at cost of production (\$5/straw CDN).

There have been 2 (50 straw packages) previously sold into Canada.

Mahalo has been **DNA Tested Homozygous Polled**, Parentage Verified and Karyotyped Normal for Translocation 1/29.

NCLB POLLED PLATINUM 955W

UNIQUE RED FACTOR GENETICS - A Complete Package with Punch!

- You can't help but appreciate the overall style, thickness, muscle shape and depth of lower quarter Platinum 955W displays, making him one of the most complete packages you will find.
- It's only fitting that this polled power house is mothered by the great Odessa 62P cow. We could write a book about Odessa's accomplishments, both as a producer and what she has done in the show ring.
- Platinum's sire, Sanchez the polled outcross, is producing one of the most uniform and powerful set of calves across the country.
- The mating of these two powerful individuals gives Polled Platinum the genetic punch necessary in a true breeding bull.
- He has what it takes to "Getter Done"!

Selling Choice of Mother or Daughter...

- We are delighted to offer you the choice of these two outstanding, herdbuilding females.
- You be the judge and take your choice. We cannot part with both of these exceptional females.
- We definitely think that both of these females are of herdbuilding - DONOR QUALITY!
- **If you choose Rollin' Acres Lizzie 7S, we retain the right to flush her at our expense and at your convenience.**

- Rollin' Acres Lizzie 7S has been the cornerstone of our show string since she was a heifer calf. Her French influence allows her to be a complete outcross to anyone's herd. Lizzie 7S comes to you as the most complete cow that we have raised. This long bodied, deep ribbed, well uddered female has the potential to be a powerful brood cow on pasture or a strong competitor in the show ring. Her first calf was purchased at the Uppin' the Ante sale by Whiskey Hollow Cattle Co.
- Like her mother, Rollin' Acres 17W would be a great addition to any herd. This deep ribbed, stout heifer is arguably as good as her mother.

- What a Sweetheart!
- Gahavanna is a combination of two great herdsires and top notch females in her pedigree. Her mother, Margaurita 8S weaned another spectacular 860 pound heifer calf this year.
- Gahavanna is put together really well - thick made, broody and attractive. She had a weaning weight of 860 pounds.
- She is safe in calf to Dateline 754T. Last year, any red factor female bred to Dateline had a red factor calf!
- Grow your red program with this sweetie! Satisfaction is guaranteed here.

Selling Choice of Show Heifers... Sells Open

- Beck Farms is once again offering pick of their Show Heifers in the Agribition Sale.
- Last year's pick went to CM Livestock of Orangeville, Ont. She was successfully shown throughout Ontario all summer and fall, including Senior Champion Yearling at the CCYA show in Peterborough.

- The heifers we are offering today are cut from the same mould as her - attractive, thick and functional.
- There will only be one of these heifers chosen, so don't wait for the second pick, because there will not be one - we need her!

- Ashanti is our first consignment to the National Agribition Sale, so we wanted to make sure we sent one of our best.
- Ashanti's fault free structure, attractive eye appeal, docile temperament, and great haircoat will make her an impressive show heifer and down the road, an awesome brood cow.
- And...Wow! What a pedigree - Sanchez X Alliance X Impressive!!

- Here is a Powerhouse of a Female!
- Prim N Proper is a real thick made, deep bodied female who is sound in her structure as well as being very attractive in her design. From a performance standpoint, she really excels and will bring a positive contribution to any program she enters.
- Prim N Proper comes from a perfect uddered dam who is very strong in her maternal traits.
- Donor Female, Show Female, and Herdhub Producer...she will be able to do it all!

- Wow! What a heifer calf!
- Tessa comes from a mid size cow that runs back to Made Easy. Sired by HTA Tautus (Triple Nickel), she is a well rounded heifer with a strong top line and great body composition.
- Tessa has always had a quiet disposition and is easy to work with. She is polled, has good feet and is blessed with the 'umph' that will carry her through from heifer to cow.
- She will make a great foundation female in any producer's herd and has the potential to make you a fancy Show Prospect along the way.
- Whatever your need in the business, she can meet it.
- Knock - Knock...this is your opportunity!

Selling Choice of Heifer Calves... Sells Open

A Tough Decision - But you just Can't Lose!

- Donmoore Farms is very pleased to present an opportunity with potential for years to come.
- If you are the successful bidder, you will have your pick of one of these attractive young females.

- Both Prairie Dawn and Annie Oakley have French influence which will bless them with a natural thickness. These ladies also have dams that are of moderate frame and are good milkers.
- We know that either one of these ladies will work well in any herd. It will be a tough decision, but with a choice like this, you just can't lose!

- One Awesome Heifer!
- Mystique 917W has caught everyone's eye out in the pasture this summer. She is a big, broody, well muscled heifer with lots of substance - the kind who can produce herdbulls.
- Her mother is a large capacity cow with tremendous depth and femininity and Mystique will be just like her.
- She represents the JMB program - Dateline X Mango.

- Willow is the top red heifer out of our 2009 embryo calves...and perhaps out of our whole herd!
- She is double red, double polled and out of a very strong Progress daughter that we aquired from L.A. Land and Cattle at their 2007 sale.
- You have to admire this heifer for her overall thickness and outstanding depth of body. She has that deep quarter and excellent feet that Pierce consistently stamps his calves with.
- This sweet heifer will show and be outstanding for any youth or purebred man looking for a front pasture female.

- Stiletto 53W is the first Design calf to be sold off the farm and she is a Crackerjack!
- She has a shopping list of excellent qualities. Stiletto is long and smooth with lots of middle and a thick hip. It is pretty hard to find a fault in her.
- Her mother is one of our top producing cows who never fails to raise a high performing calf.
- McTavish Stiletto would make an excellent addition to anybody's operation.

- Sugar is a female you will be able to have a lot of fun with - in the show ring as well as the pasture. She is sharp fronted, strong topped and thick made with tonnes of rib.
- Sugar comes out of the KMAC Thurston bull who is walking our pastures. His first set of calves looks extremely promising.
- Her dam is a very sound uddered, good footed, Wyoming Wind daughter who has been a solid producer for us.
- Look for her exceptionally strong paternal brother standing in our stall.

Pedigree Plus!!

- We are excited to offer you Miss Prairie Cove 911W.
- You will love the middle, muscle and eye appeal in this mellow, easy doing heifer.
- What a great opportunity to start a genetically explosive line of award winning Charolais - Trophy X Krystal 116R. There are only two calves on the ground from Trophy (the 2008 Agribition Champion Bull) and 911W is one of them!
- Her dam, Sparrows Krystal 110R, was our high selling pick of the bred heifers from the reputation A. Sparrow Farm herd in 2006. This Latoro mother shows the true breed character of what a Charolais cow should look like - and we all know that superior females come from great mothers.
- We are showing the pair at the show tomorrow and feel they will be very competitive under the astute eye of Judge Dennis Ericson.
- We are happy to be part of the Agribition sale that Dale has put together. What a spectacular and exciting group of Charolais cattle!
