11:00 a.m. – Lunch and refreshments  
2:00 p.m. – Uppin the Ante Female Sale

## Terms & Conditions:

This sale will be conducted under the terms and conditions of the Canadian Charolais Association.

# Welcome

Welcome to the 5th Annual Uppin' the Ante Sale, once again held at Gold Bar Livestock Sale Facility near Guelph, Ontario. I would also like to welcome Brad & Sarah Buchanan, of Gold Bar Livestock, to the sale group; they will add quality to the sale.

We have also invited four guest consignors to this year's event. These operations use genetics from Uppin' the Ante in their programs and we are happy to have them offer some of their best.

Speaking of the best, this may be the strongest set of cattle we have offered yet! Proven cows, powerful bred heifers, pregnant recipients and showy heifer calves. To sum it all up... there's something for everyone.

Let's talk about why you should attend this year's sale. There are two main reasons. The first fact is that Charolais bulls picked up market share this spring, causing empty bull yards all across Canada. Secondly, the possibility that the cattle presented at Uppin' the Ante will pay for themselves with their first calf is strong.

Looking forward to seeing you on sale day.

Gord Tomlinson  
2010 Sale Chairman

This four year old cow does it all with ease every year. Sabina is another Huckleberry daughter that carries all the great traits of her mom. Expect many years of great production out of her. Her sire, Pleasant Dawn U Win was used for many years at Blackburn and has left us many great daughters, this being one of his best. Sabina's 2008 calf sold in the Uppin the Ante Sale last year as a bred heifer to Jim Baker, Sunrise Charolais. We are offering both her and her calf this fall. As an added bonus she was bred March 20th to Winn Mans Lanza 610S, checked safe.

Consigned by Blackburn Farm.

Another young cow with a great pedigree of Survivor and Freedom and bred to Rollin Acres Man O Man our thick Full French bull as well. This moderate framed female immediately caught the eye of the selection committee. We thought so much of her first calf by Bluegrass that he was turned out with a group of our own purebred heifers and a few of our commercial cows. She has a ton of potential. Make sure to bid last on this great offering.

Exposed to Rollin Acres Man O Man. Preg checked safe for end of Jan. calving.  
 Consigned by Whiskey Hollow Cattle Co.

Carrie comes from the Bud line of breeding which we at Kirlene Cattle believe makes a tremendous mothering cow. Look at what she has done on this fancy heifer calf. We were so pleased with her Havana calf born this year, that we decided to breed her again the same. Why not take all 3, mother, daughter and calf-to-be.

Bred April 23rd to Land O'Lakes Havana 3U.  
 Consigned by Kirlene Cattle.

At Blackburn Farm we believe in strong cow families. Ulani is another daughter out of JSS Kaara 1K. Her full sister is also in the sale, KBF 15W. She carries the service of the bull we purchased at the 2009 Wilgenbusch North of the 49 sale, sired by Bar J Silverado. Observed bred May 12 to JWX Sapphire 137U  
 Consigned by Blackburn Farms.

Here I am starting the foundation of CM Cattle Co. and knocking a corner out of it at the same time by selling this nice pair! Rollin Acres Dazzle 807U was introduced to me as a young calf and I had the privilege of working with her on a successful show road, where I was given the chance to own this fine female. Now I'm giving you a chance to enjoy her and her calf Dazzle CMCC 6X for years to come. Rollin Acres Dazzle 807U is a great mother that sure can raise a calf. Being bred to PCFL Ultimate 14R will make next year's calf even stronger. Bred to PCFL Ultimate 14R, exposed March 31 to May 15.

Consigned by CM Cattle Co.

What an opportunity to add a high pedigreed female to your herd. HFCC Evolution has done it all, herdsires and great producing females. Add that to Galaxy's dam RKG Barbie Doll and all the money she has made for Sandan and you have a no miss female. Her first bull calf topped the Sandan bull sale. This is a partnership cow and that is the only reason she is available at the sale. Help yourself to a great cow with a lot of future ahead of her.

Bred early April to Rollin Acres Man O Man. Preg checked safe for early Jan. calving.

Consigned by Whiskey Hollow Cattle Co. & Andermar Cattle Co.

This consignment comes with a lot of mixed emotions. The Cornerview program thinks so much of this cow family they refuse to part with another daughter. I guarantee that we didn't hold anything back for our first year in the sale, and Savvy is definitely our best. She was shown as a 2-yr-old at the Royal and Agribition and weaned her first calf at 1280 lbs. He is now working in the Hemmelgam Farms herd in S.K. Savvy has left us a very nice heifer to replace her with. 9S is tremendously deep bodied, good uddered and trust me, milks a ton! Whether you're looking for a brood cow with a long productive life or you want a donor female for the embryo game, this is a tremendous opportunity! Savvy is exposed to this year's herd sire, Hicks Remington 31U, who will be campaigned this fall.

Exposed from June 15th to Hicks Remington. Consigned by Gold-Bar Livestock.

CE	BW	WW	YW	M	TM
74	.7	38	66	15.3	35

We bought this good cow as a calf from the progressive Dudgeon-Snobelen operation. She was shown successfully as a yearling and has a full pedigree to boot. Her first calf was consigned to the Eastern Select Sale this spring as a 2-yr-old with her calf at side and was one of the top sellers going to Baker Farms in Madoc. She has a good bull calf this year that is destined for our bull yard. She sells bred to our new Full French bull we own with Rollin Acres, ask Chester or Mike Tupling how good the Man O Man calves are. Sells bred early April to Rollin Acres Man O Man. Preg checked safe for early Jan. calving. Consigned by Whiskey Hollow Cattle Co.

Sired by Whitewater Premium who was high selling bull at the 2005 Douglas Ontario Bull Test Station. We were fortunate enough to get Premium back for a breeding season and are very happy with the results. Xpress' dam is a "no miss cow" whose 2009 bull calf was the first sold out of the pen this spring.

Here is the pick of first crop of calves by our new homozygous polled herdsire. We purchased this proven herdsire from Pleasant Dawn Charolais in 2009. In 2010, his son was Pleasant Dawn's high selling two-year-old bull selling to Harvie Ranching and High Bluff Stock Farm. On the dam side, she is out of one of our very good producing SVY Freedom daughters.

The name says it all... this heifer out of Coach and her Rio mama are in our showstring this summer and we'd like to reserve show rights for the Royal. Her full sister sold to A. Sparrow Farm in the 2008 UTA. The sale committee caught Brian at a very weak moment to let another daughter of such a super cow go! They're all made the same in this family – thick, easy fleshing and pretty.

Consigned by Cornerview Charolais.

 RLTC MISS TRIM 4A(P)  
 RLTC MISS TRIM 32Y(P)

What an opportunity! Why not move to the top of the class with this outstanding mating. We are offering a pregnant recip that features two of the breed's biggest names. RLTC Miss Trim 14C, that recently sold at the age of 17 to Don Grant Farms & Prairie Cove Charolais. She raised so many great ones including the National Champion ACC Hercules and the polled Hank, ACC 823U that will light up the show ring this fall after selling for \$30,000 as a heifer calf.

This fabulous donor cow has worked well with many matings, but let's take the next step with the most talked about bull in the industry – all the way from his style to his superior numbers – to being one of the highest selling bulls in recent sales. Sparrows Fargo has risen to the top of the leader board for being the most sought after semen on the market.

If you want to take on chance this fall, make it one like this that will make you a lot of money!

Implanted on May 12. Preg checked sale, not exposed. Consigned by Andemar Cattle Co.

 CHARDEL HARVEST 438D  
 CHARDEL FANCY 979J  
 BNE FANCY FREE 4F

Only in the Uppin' the Ante Sale will you get the superior selection of tremendous matings. A no miss, proven, pedigreed offspring that are not numerous around the country. Chardel Fancy 102L was one of the elite cows coming out of the Delahey dispersal and are we ever glad we added her to our donor program. Footprint Farms and Elder Charolais are just a few that have purchased females from this cow family. The Cougarhill Hank bloodline continues to show up in the pedigrees of some of the dominant cattle in the breed. Watch for PCC Sudden Impact 848U this fall, a bull we used to continue the Hank tradition.

This embryo was implanted on May 8. Preg checked safe, not exposed.

Consigned by Andemar Cattle Co.

## 47 CHARDEL LADY LUCK X BAR J SILVERADO

Pregnant Recipient

 CHARDEL LADY LUCK 708G(P)  
 CHARDEL LADY LUCK 257B

When Andemar comes to town, they have their guns loaded. What sale can you go to and find three different matings out of 6 different parents and be as spectacular and widely accepted as these pedigrees. Chardel Lady Luck 911J has produced many elite offspring that have done extremely well, such as Chardel on Fire, LA's Jr Champion at Edmonton and a Heifer Calf Champion at Toronto, to name a few. This donor cow now resides at Wilgenbusch Charolais and you know they only buy the great ones.

Let's talk about the sire of this exciting venture – Silverado – the most consistently talked about herdsire producer over the last few years. Whether its \$35,000 or \$40,000 herdsires, or top show winners, Silverado can do it all.

The embryo was implanted March 31, 2010. Preg checked safe, not exposed.

Consigned by Andemar Cattle Co.
