REFERENCE SIRES...

BAR J ROLEX 216R

POLLED

We selected Rolex for his moderate birth weight and excellent performance. He has proven to be easy calving while leaving us with consistent thick, stout calves. His french influence adds an extra dimension of muscle and substance to his calves.

GILLILAND SUB ZERO 11S

POLLED/S/RED

Sub zero is a powerful red factor sire that has worked extremely well in our herd. He has thick beefy calves and also provides enough length for calving ease.

EPD'S - BW 1.8 WW 44 YW 89 MILK 21.3 TM 43

VELDA ROSE SIR 16P

POLLED

Sunnybrae's LA T-Bone son. This bull was selected from within our own bull pen and has impressed us from the start. He is a strong footed bull that adds hair and extra length to his calves. His females have made terrific mothers in our herd.

EPD's - BW 1.9 WW 44 YW 78 MILK 25.6 TM 48

Velda Rose Charolais

Another year passes so quickly, and our calf prices are still not where they should be. More herds are dispersed and cow numbers are the lowest they have been in twenty years. Our sluggish economy has more of us eating hamburger than steak. Looking at the brighter side, this hamburger bonanza has led to higher cull cow prices and that in turn has us culling our herds more than normal and replacing them with better quality heifers that were not valued too high. These poor calf prices have led to better quality cow herds remaining. Prices on calves will go up as the numbers going to market go down. Hopefully, you will still be in the cattle business when prices rise. Low grain prices will make some of us take a second look at our cow herd.

As things stand, silver and tan calves are topping the market, as well as bringing you more pounds to the scale. Take home dollars are what counts. Take your time, and select the right bull for your herd to accomplish this.

We at Velda Rose have no time for problem cows. Over the past 40 years we have culled hard, emphasizing the importance of structural soundness, high fertility, good disposition and adequate milk supply. We have selected genetics that favor low maintenance cattle with calving ease, while at the same time not sacrificing our great strength of performance we exhibited when we were involved with the Gunton and Douglas Test Stations.

For sale are a powerful group of bulls. They have natural thickness and are deep-long bodied with lots of hair and good dispositions. Our red bulls carry some of the best red factor genetics available. With the long fall, our calves stayed out on pasture until late November and therefore we were only able to run a 60-day test. The yearlings were fed a balanced bull ration from Unifeed, consisting of mainly oats and corn. The 2-year-old bulls were late calves and have been on grass all summer until November. They have been on an oats and hay ration. These are all virgin bulls that are well developed and will do a lot of work for you.

Come and check out our bulls at the farm prior to the sale. We are always happy to discuss your bull needs with you. We stand behind our bulls 100% and are confident you will be happy with your purchase.

TERMS & CONDITIONS

TERMS: The terms of the sale are cash or cheque payable at par at the sale unless satisfactory credit arrangements have been made previous to the sale. The owners reserve the right to require a certified cheque as settlement before releasing any sale cattle. Should any buyer fail to settle for his purchases or having settled defaults in any manner, the owners reserve full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses incurred shall be payable by the defaulter. The Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made credit clearance prior to the sale with the owners. All monies are in Canadian funds.

ANNOUNCEMENTS: Errors discovered in the catalogue will be corrected by announcements from the auction stand at sale time and such corrections will take precedence over the printed matter in the catalogue.

CERTIFICATE OF REGISTRY: Each animal will carry papers issued by the Canadian Charolais Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after settlement has been made.

SHIPPING: Assistance will be given in making shipments after the sale but no risk is assumed by the auction mart or the sellers. Purchasers are requested to furnish shipping instructions when making settlement. Delivery is at the buyer's risk. Extra costs are to the account of the buyer.

BREEDER'S GUARANTEE, BULLS: Should any bull (14) fourteen months of age or over, fail to prove a breeder after being used on cows known to be breeders, the matter shall be reported in writing to the seller within (6) six months following the date of purchase or (6) six months after the bull has reached (14) fourteen months of age. The seller will then have the right and privilege of (6) six months to prove the bull a breeder. No guarantee is given that semen collected from the bull will freeze.

EXCEPTION GUARANTEE: In case where the animal is subjected to any hormonal or surgical reproductive techniques after the sale, this guarantee shall be null and void.

ACCIDENTS: Although every precaution will be taken to protect the safety and comfort of buyers, neither the sellers, auction mart, or auctioneer, assume any responsibility in this matter and disclaim any liability, legal or other wise, in the event of accident or loss of property.

SETTLEMENT: Transportation charges on animals returned to the seller are for account of the purchaser. No incidental expenses such as feed, care, A.I., signing fees, interest, veterinary charges, etc., will be charged by either party when making settlement. If the seller is successful in proving the animal in question a breeder, the said animal will be reclaimed by the purchaser at his expense. Should the seller fail to so prove the animal a breeder, then the buyer is guaranteed a satisfactory replacement F.O.B. ranch or location of origin or a refund of the actual price. Should a dispute arise over the quality of a replacement animal, a mediator will be appointed.

PURCHASERS RISK: Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

DISPUTES: In case of disputes, bidding will be reopened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters is final.

RIGHTS AND OBLIGATIONS: The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction, which is not covered by the terms and conditions of this sale.
