

MANITOBA BEEF CATTLE PERFORMANCE ASSOCIATION INC.

Box 1190, Carberry, MB, Canada, R0K 0H0

September 5, 2018

Dear Cattle Producer,

As we prepare for the **55th** test season we would like to inform you that we are once again offering a number of programs including our “**BULL TEST OF 112 DAYS**”, our popular “**HEIFER DEVELOPMENT PROGRAM**”, the “**YEARLING / HERD BULL CUSTOM FEEDING PROGRAM**” at our facility. We also offer a **CUSTOM FEEDING PROGRAM FOR STEERS AND/OR HEIFERS**.

ALL TEST Bulls and Heifers will be eligible for sale. The data collected for Weight Per Day of Age (WDA) and Average Daily Gain (ADG) will no longer determine the sale eligibility but will still be published in our weight reports. All Bulls and Heifers must pass a veterinarian evaluation (including semen, scrotal, structure, palpation and pelvic measurements) to be qualified for the sale.

Once again bulls and heifers will be **BVD Tested** upon arrival at cost to the consignor. Having BVD free animals will re-ensure potential buyers that the Douglas Bull Test Station is keeping current with purebred and commercial buyer concerns. Upon arrival all animals will be vaccinated, and de-wormed.

Please find attached your nomination forms for the 2018-2019 test season. We really appreciate all the consignors who have supported us in the past and hope to have many more support us in the future. The Douglas Bull Test Station encourages consignors’ to spread the word to all producers in the area so we can make this the best test year yet. The more bulls and heifers put on test, the better off for everyone involved. As staff we look forward to working with you, and we invite you to call us any time with questions or concerns. We can be reached at the station at 204-763-4696 or on Tyler’s cell phone @ 204-851-1165, also feel free to leave a message. Also email us @ bulltest@mynetset.ca

Please find attached the membership/nomination forms, for submitting bulls and heifers to the Douglas Bull Test Station for the 2018 – 2019 test year. Rules and regulations are available upon request. As a consignor it is required that each consignor helps out during the test season on either a weigh day or semen test day. By helping out in the past it has reduced the cost to consignors. We understand that some consignors either work other jobs or live a long distance away and can’t always make it to help. Last year in June at the AGM a motion was made **“that each consignor work a minimum of one day each year or pay a fee to cover hired help”**. This fee will be determined by the number of helpers Tyler will have to hire to get weigh days completed. The cost will be split between all consignors that are unable to help throughout the year. Tyler will request help the same as last year by email and will require commitment the week prior to weigh day. You must make arrangements with Tyler so that there are not 6 helpers for one weigh day and only 1 helper on a different day.

NOMINATIONS are required by SEPTEMBER 22, 2018! If unable to have nomination forms submitted by this date please contact us at the office to verify the number of bulls that are being sent. By verifying the number of bulls we are able to order feed, organize pens accordingly for delivery and have numbers available for board meeting. We will accept bulls after this date, but if we have not been contacted in regards to bull numbers it makes it very difficult to plan for the upcoming test season

Please fill out the nomination forms for bulls and heifers and send them as soon as possible, so feed can be order.

If you require a copy of the Rules & Regulations they can be found on our website www.manitobabulltest.com or let us know at the office.

Sincerely,

Tyler Winters, Manager
Bev Walker, Office Manager

The **Feeder** agrees to provide the following services during the 142 - 187 day feeding period:

The **Breeder** hereby waives any claim covering any weight loss, injury or death which is not preventable with reasonable care by the **Feeder** and Veterinarian.
