Paul Zacharko died August 2003	
Charolais Banner Oct. 2003	
Paul was born and raised on his family's modest farm of commercial cattle, mixed grain and small dairy. He took over the farm in the late 1950's.	
Paul and Sylvia were married in 1960 and continued with the farming operation . They gradually increased their dairy herd to milk 30 head. In 1970 they decided to try Charolais bulls on their Holstein cows and start phasing out the dairy. Paul was so impressed with the performance of the Charolais calves, that in 1972 they purchased their first three purebred heifers.
